1 Statement of intent

At Haynes Lower School & Nursery, we recognise that the successful appointment and induction of an early career teacher (ECT) strongly contributes to both the development of the school and the ECT. ECTs bring new ideas and fresh approaches to teaching. In turn, the school endeavours to develop and nurture a promising career.

The induction period for ECTs will:

- Enable ECTs to build upon existing knowledge, skills and understanding.
- Assist ECTs in becoming full members of the teaching profession and provide a foundation for CPD.
- Enable ECTs to meet identified goals and complete their induction year to the required standard.
- Be systematic, fair and rigorous in the assessment of ECTs' professional practice.
- Provide support to ECTs failing to make satisfactory progress.

This policy has been established to ensure that the requirements listed above are met, that all parties benefit from arrangements, and that all staff members know their roles, responsibilities and expected practice.

2 Newly qualified teacher (NQT) induction transitional arrangements

This policy applies to ECTs who start their induction **on or after 1 September 2021**.

NQTs who have started but not completed their induction **before 1 September 2021** will continue to follow our NQT induction policy. They have until 1 September 2023 to complete their induction within 3 terms (a single academic year) as outlined in previous NQT induction guidance. Where possible, at the discretion of the Head Teacher and appropriate body, we will also provide them with:

- An ECF-based induction for the remainder of the NQT's 1-year induction
- An induction mentor for the remainder of the NQT's 1-year induction

If they don't complete their induction by 1 September 2023, they will be required at this point to switch to the full ECT induction for the remainder of their induction period. Time already spent in induction will count towards the 2-year ECT induction period.

3 Legislation and statutory guidance

This policy is based on:

- The Department for Education's (DfE's) statutory guidance [Induction for early career teachers \(England\)](#) from 1 September 2021
- The [Early career framework reforms](#)
- [The Education \(Induction Arrangements for School Teachers\) \(England\) Regulations 2012](#)
- [Early career teacher induction: COVID-19 absence exemption](#)

The 'relevant standards' referred to below are the [Teachers' Standards](#).

4 The ECT induction programme

The statutory induction of an ECT is the bridge between ITT and a career in teaching. The school will support ECTs in demonstrating that their performance against relevant standards is satisfactory and equip them with the tools to be a successful teacher.

The 'Teachers' Standards' will be used to assess an ECT's performance during their induction period. These standards will be considered against what can reasonably be expected of the ECT within their work context. All judgements will reflect the expectation that the ECT has effectively consolidated their ITT and demonstrated their

ability to meet the relevant standards consistently over a sustained period. The ECF will not be used as an assessment tool.

A qualified teacher will not be employed as a teacher by the school unless they have satisfactorily completed their induction period, or if they meet any of the exemptions listed in Appendix A.

ECTs serving induction on a full-time basis are required to complete an induction period of two academic years, unless they are subject to an official and agreed reduction or extension to this period in some circumstances. ECTs serving induction on a part-time basis are required to serve the full-time equivalent of two full academic years.

Short-term supply teaching of less than one term will not count towards an ECT's induction, as the time frame is too short to enable them to demonstrate performance against relevant standards. If a supply term is extended, the school will not backdate the induction, but will begin the induction upon extension.

Where an ECT is judged to have failed to meet the 'Teachers' Standards' at the end of their induction period, they will not be permitted to repeat induction. They will, however, have the opportunity to appeal against the decision.

4.1 Eligibility

In order to determine eligibility, the Head Teacher will undertake pre-employment checks on the ECT before the ECT takes up the post – these will be verified by the appropriate body. These pre-employment checks will include determining that the ECT holds QTS. The Head Teacher and the appropriate body will check with the TRA that the ECT holds QTS prior to the induction beginning.

If an ECT holds QTS but has already completed a period of induction which resulted in a judgement of failing to meet the 'Teachers' Standards', they will not be eligible to undertake statutory induction at the school. The Head Teacher will confirm whether this is the case by consulting the TRA.

The school will not refuse an induction post to an ECT whose QTS was obtained several years ago; although ECTs are encouraged to undertake induction as soon as possible after gaining QTS, there are no barriers to them undertaking induction later.

Teachers who completed their ITT between 1 May 2000 and 30 April 2001 (known as Cohort 1 teachers) are also required to pass the QTS numeracy skills test before completing an induction.

4.2 Posts for induction

The Head Teacher and appropriate body will first agree on the suitability of a post for induction, guided by the following considerations. The post will:

- Have a Head Teacher who can make a recommendation about whether the ECT's performance against the relevant standards is satisfactory.
- Have an agreement with an appropriate body to quality-assure the process.
- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period
- Have an appointed induction tutor, who will have qualified teacher status (QTS)
- Have an appointed induction mentor, who will have QTS
- Have a reduced timetable to allow them to undertake activities in their induction programme; in their first year, this will be no more than 90% of the timetable of our existing teachers on the main pay range, and in their second year, this will be no more than 95% of the timetable of our existing teachers on the main pay range
- Regularly teach the same class or classes
- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts
- Not be given additional non-teaching responsibilities without appropriate preparation and support
- Not have unreasonable demands made upon them
- Not normally teach outside the age range and/or subjects they have been employed to teach

- Not be presented with unreasonably demanding pupil discipline problems on a day-to-day basis

4.3 Beginning induction

Once an ECT has been appointed to a suitable post, the Head Teacher will notify the TRA in advance of the ECT taking up the post. Upon registration, the ECT will be provided with a named contact to which they may raise any concerns about the induction programme.

The start date for the ECT's induction will be determined by the appropriate body, who will agree this date with the Head Teacher and the ECT in advance. This start date will be the date the ECT's induction programme formally begins, which may be a different date from when the ECT's contract with the school begins.

The length of the induction period will also be determined prior to the induction commencing. ECTs are required to serve (part-time or full-time) the full-time equivalent of two academic years to complete their induction. Where an ECT is completing their induction on a part-time basis, the school and the appropriate body will liaise to decide the length of the induction period required for each individual case – this will be always be fair and consider the ECT's working pattern. Where an ECT is completing their induction across more than one school, the appropriate body will make the final decision about how the ECT will meet the equivalent of two years' work.

The school will not commence the ECT's induction until an appropriate body has been agreed. The Head Teacher will ensure that the appropriate body with whom an agreement is reached matches the criteria for organisations that can act as an appropriate body. When forming an agreement with an appropriate body, the appropriate body and the Head Teacher will agree any reasonable charges the appropriate body may make to the school for its service.

The Head Teacher will ensure the ECT is provided with a reduced timetable for their course of induction. This will amount to teaching:

- In the first year (terms 1-3), no more than 90 percent of the timetable of the school's existing teachers on the main pay range.
- In the second year (terms 4-6), no more than 95 percent of the timetable of the school's existing teachers on the main pay range.

These reductions will operate in addition to the timetable reduction related to PPA time.

4.4 Support for ECTs

We support ECTs with:

- Their designated induction tutor, who will provide day-to-day monitoring and support, and co-ordinate their assessments
- Their designated induction mentor, who will provide regular structured mentoring sessions and targeted feedback
- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback
- Regular professional reviews of their progress, to take place termly (except in terms where formal assessment is held), at which their induction tutor will review objectives and revise them in relation to the relevant standards and their current needs and strengths
- Chances to observe experienced teachers, either within the school or at another school with effective practice

The role of the mentor will be held by a different individual to the induction tutor where at all possible. Where this is not possible, the Head Teacher may decide to designate a single individual to hold both roles, which may be the Head Teacher themselves in exceptional circumstances. Where this is the case, the Head Teacher will ensure the individual understands that they are fulfilling two discrete roles and will ensure that the mentoring support offered is kept separate to any assessment of the ECT against the 'Teachers' Standards'.

Mentors are provided for ECTs in a supportive and advisory capacity only; mentors will not carry out formal assessments of ECTs (unless the mentor is the same individual as the induction tutor). Mentors will hold regular one-to-one sessions with ECTs to discuss how the ECT's induction is going, including offering advice and providing an opportunity for the ECT to ask questions or raise any issues.

Mentors will receive training to support them in their role. Mentors will be expected to attend these training sessions to ensure they are successful in their role.

4.5 Monitoring and Assessment

ECTs will also be provided with an induction tutor who will provide regular monitoring and support, and coordination of assessment. The induction tutor will be identified by the Head Teacher. This individual will hold QTS and will have the necessary skills, knowledge and time available to effectively work in this role. The role of the induction tutor will be held by a separate individual to the individual performing the role of the mentor where at all possible, as outlined above. In exceptional circumstances it may be appropriate for the Head Teacher themselves to perform the role of induction tutor.

The main responsibilities of the induction tutor will be to make rigorous and fair judgements about the ECT's progress against the 'Teachers' Standards', and to recognise when early action is required to support an ECT who is experiencing difficulties. ECTs will be informed that they should raise any concerns about their induction with their induction tutor in the first instance. If the matter is not resolved, the ECT will be informed that they can notify their named contact at the appropriate body, who will then investigate the issues raised.

Termly observations of the ECT's lessons will be conducted, usually by the induction tutor. Post-observation review meetings will be arranged in advance of an observation taking place. Following an observation, the ECT and the observer (induction tutor) will meet to review the teaching observed. All feedback provided by the induction tutor will be prompt and constructive. The induction tutor will make a brief written record of the feedback discussed in a review meeting, which will clearly indicate where any development needs have been identified as a result of the observation.

ECTs will receive progress reviews against the 'Teachers' Standards', conducted by their induction tutors, in each term of their induction where a formal assessment is not scheduled. Progress reviews will not require ECTs to produce any new evidence specifically to inform the review; all progress reviews will draw on existing evidence of ECTs' teaching. ECTs may be asked to provide copies of existing evidence to the induction tutor to help inform the review. A written record of each progress review will be retained by the school and a copy will be provided to the ECT. This record will include:

- Whether the induction tutor believes the ECT is on track to successfully complete their induction.
- A brief summary of the evidence collected by the induction tutor.
- The agreed development targets for the ECT.
- A review of the ECT's objectives in relation to the 'Teachers' Standards' and the ECT's own individual strengths and needs.

The induction tutor will update the Head Teacher on the ECT's progress after each progress review. The induction tutor will also notify the appropriate body whether the ECT is making satisfactory progress towards successfully completing their induction. Where the induction tutor believes the ECT is not making satisfactory progress, the induction will also outline to Head Teacher and the appropriate body the plan they have put in place to support the ECT.

The ECT will be clearly informed of the outcome of their progress review, to ensure that their formal assessments present no unexpected results to the ECT.

ECTs will be formally assessed in the final term of the first year of their induction and again in the final term of the second year of their induction. The exact dates of these assessments will be agreed between the Head Teacher and the ECT in advance. Formal assessments will be carried out by the induction tutor or the Head Teacher only.

All evidence used for formal assessments will be drawn from the ECT's teaching work during their induction. In order to reduce the potential burden of evidence collection, the evidence used will largely come from that collected during progress reviews, and will consist of existing or working documents. ECTs will not be required to create anything new for a formal assessment. Any evidence used during a formal assessment will be clear and transparent; copies of all evidence used will be provided to both the ECT and the appropriate body. As a result, the school aims for all formal assessments to work in combination with the regular progress reviews; where possible, the ECT should not find any unexpected results from a formal assessment.

The individual undertaking a formal assessment will produce a report following the assessment. This report will make clear how the ECT has been assessed against the 'Teachers' Standards'. Once the report has been completed, the Head Teacher will hold an assessment meeting with the ECT, where the ECT will be able to add their comments to the report. The report will be signed by the induction tutor, Head Teacher and ECT. The ECT will then be given the original report and a copy will be sent to the appropriate body. For the final assessment report, the Head Teacher will record their recommendation to the appropriate body of whether the ECT's performance throughout their induction has been satisfactorily demonstrated their competence against the 'Teachers' Standards'. For the final assessment meeting, the Head Teacher will ensure a copy of the report is sent to the appropriate body within 10 working days of the final assessment meeting.

Where an ECT decides to leave their post at the school after completing one term or more, the induction tutor will complete an interim assessment before the ECT leaves the post.

4.6 Completing induction

ECTs will have completed their induction period when they have served:

- The full-time equivalent of two standard academic years (usually six terms); or
- A reduced period of a minimum of one term (as agreed with the appropriate body) based on previous teaching experience; or
- A reduced period for part-time ECTs covering but not equivalent to two academic years (as agreed with the appropriate body); or
- An extended period as a result of absences occurring during the period; or
- An extension following a decision by the appropriate body or the appeals body.

ECTs are still able to progress both their career and pay grade during and after the two-year induction period, and are not adversely impacted by this. The extension to a two-year induction period will not prevent the school from awarding pay progression to ECTs at the end of their first year.

The appropriate body will make the final decision as to whether an ECT's performance against the 'Teachers' Standards' has been satisfactory, taking into account the recommendations of the Head Teacher. The appropriate body will make a decision within 20 working days of receiving the Head Teacher's recommendation. They will then send written notification within three working days of reaching the decision to the ECT and the Head Teacher.

If the decision is taken to extend the period of induction, the ECT will be informed of their right to appeal against this decision and provided with the name and address of the TRA. Any appeal will be notified within 20 working days or the appeal will be deemed to have expired.

Failure to complete the induction period will mean an ECT is no longer eligible to be employed as a teacher in a maintained school.

Where an ECT fails induction and gives notice that they do not intend to exercise their right to appeal, or when the time limit for an appeal expires, the school will dismiss the ECT within 10 working days.

If the appeal is heard but not upheld, the school will dismiss the ECT within 10 days of receiving the outcome of the hearing. The ECT's name will then be held on the list of persons who have failed to satisfactorily complete an induction period by the TRA.

5 Roles and responsibilities

5.1 Role of the ECT

The ECT will:

- Provide evidence that they have QTS and are eligible to start induction
- Meet with their induction tutor at the start of the programme to discuss and agree priorities, and keep these under review
- Agree with their induction tutor how best to use their reduced timetable allowance and guarantee engagement with their ECF-based induction

- Provide evidence of their progress against the relevant standards
- Participate fully in the monitoring and development programme
- Participate in scheduled classroom observations, progress reviews and formal assessment meetings
- Agree with their induction tutor the start and end dates of the induction period, and the dates of any absences from work during the period (noting that until 1 September 2022, absences due to coronavirus – in the form of school closure, sickness or self-isolation – will not count towards the 30-day absence limit that would extend their ECT induction)
- Keep copies of all assessment reports

When the ECT has any concerns, they will:

- Raise these with their induction tutor as soon as they can
- Consult with their contact at the appropriate body at an early stage if there are difficulties in resolving issues with their induction tutor or within the school

5.2 Role of the Head Teacher

The Head Teacher will:

- Check that the ECT has been awarded QTS and whether they need to serve an induction period
- Agree, in advance of the ECT starting, who will act as the appropriate body
- Notify the appropriate body when an ECT is taking up a post and undertaking induction
- Make sure the ECT's post is suitable according to statutory guidance (see section 4.1 above)
- Make sure the induction tutor is appropriately trained and has sufficient time to carry out their role effectively
- Make sure the induction mentor is appropriately trained and has sufficient time to carry out their role effectively
- Make sure an appropriate ECF-based induction programme is in place
- Make sure the ECT's progress is reviewed regularly, including through observations and feedback of their teaching
- Monitoring, supporting and assessing the ECT throughout their induction in conjunction with the appropriate body.
- Maintain and keep accurate records of employment that will count towards the induction period (noting that up until 1 September 2022, any absences due to coronavirus – in the form of school closure, sickness or self-isolation – will not count towards the 30-day absence limit that would extend the NQT's induction)
- Make sure that all monitoring and record keeping is completed in a manner that is streamlined and reduces burdens for all involved.
- Make the governing board aware of the support arrangements in place for the ECT
- Make a recommendation to the appropriate body on whether the ECT's performance against the relevant standards is satisfactory
- Participate in the appropriate body's quality assurance procedures of the induction programmes
- Keep all relevant documentation, evidence and forms on file for 6 years

5.3 Role of the induction tutor

The induction tutor will:

- Provide guidance and effective support to the ECT (with the appropriate body where necessary)
- Carry out regular progress reviews throughout the induction period

- Undertake 2 formal assessment meetings during the induction period, coordinating input from other colleagues as appropriate
- Carry out progress reviews in terms where a formal assessment doesn't occur
- Inform the ECT following progress reviews of their progress against the relevant standards, and share records with the ECT, Head Teacher and relevant body
- Inform the ECT during the formal assessment meeting of the judgements to be recorded on their formal assessment record and invite the ECT to add their own comments
- Make sure that the ECT's teaching is observed and feedback is provided
- Make sure the ECT is aware of how they can raise concerns about their induction programme or their personal progress, both within and outside of the school
- Take prompt, appropriate action if the ECT appears to be having difficulties
- Make sure that all monitoring and record keeping is done in the least burdensome way, and that ECTs are not asked for any evidence that requires the creation of new work

5.4 Role of the induction mentor

The induction mentor will:

- Regularly meet with the ECT for structured mentor sessions to provide targeted feedback
- Work with the ECT, and colleagues within the school who are involved in the ECT's induction, to help make sure the ECT receives a high-quality ECF-based programme
- Provide, or arrange, effective support – including subject-specific, phase-specific, coaching and/or mentoring
- Act promptly and appropriately if the ECT appears to be having difficulties

5.5 Role of the governing board

The governing board will:

- Make sure the school complies with statutory guidance on ECT induction
- Be satisfied that the school has the capacity to support the ECT
- Make sure the Head Teacher is fulfilling their responsibility to meet the requirements of a suitable induction post
- Investigate concerns raised by the ECT as part of the school's grievance procedures
- If it has any concerns or questions, seek guidance from the appropriate body on the quality of the induction arrangements and the roles and responsibilities of staff involved in the process
- If it wishes, request general reports on the progress of the ECT on a termly basis

6 Record-keeping

All records regarding ECTs will be kept in accordance with the school's Records Management Policy.

Assessment forms will be signed by the Head Teacher and submitted to the appropriate body in a timely manner. Assessment forms will be completed at the end of each formal assessment period, stating the date an ECT's employment began, how much of the period has been completed, and any changes in work patterns and absences. Assessment reports will be retained for six years, as recommended by the DfE. ECTs will be advised by the school to retain their original copies of assessment reports.

The TRA keeps records of all submitted appeals and will be contacted as needed. The school will consult the Employer Access Online service for records of individuals who have passed or failed their induction.

Where an ECT has already completed part of their period of induction in another school, the Head Teacher will contact the ECT's previous appropriate body to obtain copies of any progress review records or assessment reports,

including any interim reports. The Head Teacher will therefore establish how much required induction time remains for the ECT. The Head Teacher will also alert the ECT's new appropriate body of any concerns that were raised about the ECT's progress by previous employers, as necessary.

7 Confidentiality

The school will work with the appropriate body and the TRA to ensure that effective arrangements are in place to facilitate the protection and secure transfer of data related to ECT inductions.

The induction process and assessments will not be shared with others involved in the process and will be treated as confidential.

All ECTs will be made aware of who has been granted access to their assessments. The governing board can request termly general reports on the progress of an ECT but cannot automatically have access to this information. The only exception to this is when an ECT has a concern about an assessment, which would require the governing board to access the assessment forms to review the situation.

8 Special circumstances

To recognise the experience of ECTs who already have significant experience teaching whole classes and working to the 'Teachers' Standards', appropriate bodies have discretion to reduce the length of the induction period to a minimum of one term; however, the ECT can still serve a full induction if they wish. The appropriate body also has discretion to reduce the prescribed induction period to a minimum of one term. When considering reducing an induction period, the appropriate body will consider advice from the Head Teacher and ensure the ECT is in agreement with the decision.

If an ECT is absent for a total of 30 days or more, the induction period will be extended by the aggregate of total days absent.

ECTs who take statutory maternity leave, statutory paternity leave, statutory adoption leave, shared parental leave or parental bereavement leave during their induction period may decide whether their induction should be extended accordingly to meet this purpose. Any outstanding assessments will not be made until the ECT returns to work and has had the opportunity to decide whether to extend induction. If an ECT chooses to extend their induction in these circumstances, the request will be granted. If an ECT chooses not to extend the induction period, their performance will still be assessed against the relevant standards.

The appropriate body has the option to extend the period after induction has been completed where it would be unreasonable to expect the ECT to have demonstrated satisfactory performance. Reasons for this may include illness, personal crisis, disability, a lack of support during induction, etc.

In circumstances where records have been lost due to an error or a data loss which is through no fault of the concerned teacher, the appropriate body has the discretion to decide if the ECT can be exempt from induction. The appropriate body will ensure that every avenue has been explored to recover the missing data or identify an audit trail before making such a decision. In reaching its decision, the appropriate body will consider the strength of evidence that an error has occurred or that records are missing or lost.

The appropriate body will also account for any evidence that the teacher has demonstrated they have performed satisfactorily against the relevant standards on the basis of evidence from the teacher's previous performance management reviews, and where appropriate, the most recent performance management review statements.

For ECTs completing induction in more than one school simultaneously:

- The separate contracts are added together to calculate the number of days of the induction period; each contract must meet the minimum period criteria.
- One Head Teacher acts as the lead and will fulfil duties and responsibilities as outlined in this policy.
- One appropriate body will also take the lead in making the decision and is also responsible for gathering evidence from other appropriate bodies who are involved in the process.
-

9 Unsatisfactory progress and appeals

Additional monitoring and support measures will be put in place when an ECT is not making satisfactory progress, such as holding meetings between the ECT and the Head Teacher, organising refresher training, and providing more guided supervision. The induction tutor will record unsatisfactory progress within progress review records and clearly outline the support plan in place. The induction tutor will notify the appropriate body of this determination and will share the support plan to be reviewed. The appropriate body and the Head Teacher will be satisfied that:

- Areas of improvement have been correctly identified.
- Appropriate objectives have been set to guide the ECT to perform against the relevant standards.
- An effective support program is in place to help the ECT improve performance.

When there are still concerns about the ECT's progress following intervention, the Head Teacher will explain to the ECT the consequences of failure to complete the induction period satisfactorily, and discuss the following with them:

- The identified weaknesses
- The agreed objectives set in order to have them satisfactorily complete the induction to the required standards
- Details of additional support put in place
- Evidence used to inform the judgement
- Details of the improvement plan for the next assessment period

If there are serious capability issues, capability procedures may be instigated before the end of the induction, which may lead to dismissal. This does not prevent them from completing their induction at another school.

If the ECT has had their induction extended or has failed it, the appropriate body will inform the ECT of their right to appeal and the time limit for doing so.

Appendix A - Exemptions

The following lists where a qualified teacher may be employed by the school without having satisfactorily completed an induction period:

Exemption	Explanation
A person who was already a qualified teacher on 7 May 1999.	A teacher who gained QTS on or before 7 May 1999 (even if they did not take up their first post until after September 1999).
A person currently undertaking a period of induction.	A teacher who is serving their induction period in a permitted setting, including periods which have been extended (including those who have completed an induction period in England or Wales and are awaiting the decision of the appropriate body).
A person waiting for the outcome of an appeal having not performed satisfactorily against the relevant standards.	A teacher who is waiting for the outcome of an appeal against a decision that they have failed to perform satisfactorily against the relevant standards.
A person employed on a short-term supply basis, without undertaking induction.	A teacher who is employed as a short-term supply teacher (working periods of less than one term). This can only be done for five years after the date of award of QTS.
A person employed part-time as a supply teacher whilst also undertaking induction.	A teacher who is employed as a short-term supply teacher on a part-time basis but who is concurrently serving induction. Please note that the five-year limit (see above) does not apply to teachers in this situation.
A person who has satisfactorily completed induction, probation, or the equivalent in certain other countries.	The countries are Wales, Scotland, Northern Ireland, Gibraltar, Jersey, Guernsey, Isle of Man, and Ministry of Defence (MoD) Schools in Germany or Cyprus (these are known as MoD Schools, and were formally known as Service Children's Education (or SCE) Schools).
A person who trained in England, and then subsequently first worked as a teacher in Wales (before 2003).	A teacher who gained QTS in England on or after 7 May 1999 but before 1 April 2003, and who, subsequently, took up their first post in Wales and who has served at least two terms towards their induction.
A person from the European Economic Area (EEA) (who falls within Part 2 and Chapters 1, 2 and 4 of Part 3 of the European Communities (Recognition of Professional Qualifications) Regulations 2015, including where the person is entitled to partial access to the profession of school teacher by virtue of Part 1 of those Regulations.	A teacher from the EEA who has applied successfully to the Teaching Regulation Agency, for QTS, or a teacher from the EEA who has declared successfully to the Teaching Regulation Agency, to work in England on a temporary basis, or teachers who have been granted partial access to the teaching profession in accordance with Part 1 of the European Union (Recognition of Professional Qualifications) Regulations 2015, namely SEND teachers who are qualified only to teach pupils in SEND specialist schools and specialist units within mainstream settings.

Exemption	Explanation
A person who became a qualified teacher by virtue of regulation 5 of, and paragraph 12 of Schedule 2 to, the 2003 Qualification Regulations, i.e. certain teachers who gained QTS whilst working in an independent school.	A teacher who has been judged by the TRA as meeting the specified QTS standards, whilst working in an independent school, where the ECT must have: • Been employed by an independent school before 1989; and • Gained a specified qualification before 1974 or 1989 (dependent upon the type of qualification); and • Been employed in an independent school at the time of recommendation, and the recommendation must have taken place prior to September 2004.
A qualified overseas-trained teacher from Australia, Canada, New Zealand, or the United States of America.	Teachers who have successfully completed a programme of professional training for teachers in Australia, Canada, New Zealand or the USA and who have successfully completed or satisfied any additional conditions required in order to be employed as a qualified teacher on a permanent basis in government-funded schools in that country; and who is not the subject of any decision or pending proceedings that may restrict that person's eligibility to teach in that country.
An overseas-trained teacher (OTT), from outside the EEA, who has gained QTS and was successfully assessed against the relevant standards as these would apply at the end of induction.	An overseas-trained teacher (from outside the EEA) with at least two years' experience, who has obtained QTS and who has been assessed against the relevant standards for the purposes of induction.
Scottish- or Northern Irish-trained teachers employed in England on or before 7 May 1999.	Teachers who trained in Scotland or Northern Ireland and who were employed as teachers in England before 7 May 1999.
A person who became a qualified teacher virtue of regulation 5 of, and paragraph 13 of Schedule 2 to, the 2003 Qualification Regulations, i.e. certain teachers who gained QTS whilst working in an FE school or as an instructor in a school.	A teacher who has been judged by the TRA as performing satisfactorily against the relevant standards, whilst working in a FE school or as an instructor in a school where the ECT must have: • Been employed by an FE school before 1989; and • Gained a specified qualification before 1974 or 1989 (dependent upon the type of qualification); and • Been employed in an FE school at the time of recommendation, and the recommendation must have taken place prior to September 2004.
A person who has been awarded qualified teacher learning and skills status: • On or before 31 October 2014, by the Institute for Learning; or • On or after 1 November 2014, by the Education and Training Foundation	Teachers who have been awarded Qualified Teacher in Learning and Skills (QTLS) Status by the Society for Education (SET) (formerly the Institute for Learning – IfL) and who hold active membership with the SET.

Exemption	Explanation
Completed a course of ITT in Wales before September 2003.	A teacher who completed a course of initial teacher training in Wales before September 2003.
A person: a) Who has been informed in error by the General Teaching Council for England or the Secretary of State that they are exempt from the requirement to complete an induction period; or b) Who has satisfactorily completed an induction period but is unable to produce verifying data.	A teacher who has been informed in error by General Teaching Council for England or the Secretary of State that they do not need to complete an induction period; or a teacher who has completed induction but cannot produce the relevant verifying data, and the appropriate body is satisfied that the ECT meets the relevant standards.
